

The Twinkl Phonics Progression Map has been written to support senior leadership teams, teachers and practitioners who have chosen to adopt the Twinkl Phonics programme Levels 1-6. The curriculum progression map outlines the knowledge and skills obtained throughout the programme, while the tracking document identifies the end of year expectations for children within the EYFS and KS1.

#### Intent

The Twinkl Phonics Programme offers a coherently planned sequence of lessons that supports the effective teaching of phonics within EYFS, KS1 and, where appropriate, KS2.

Level 1 Twinkl Phonics provides themed teaching packs for nurseries and preschool providers to deliver each of the DfE's Phase 1 phonics aspects. Throughout Level 1, young learners develop the knowledge, skills and understanding to discriminate between and use auditory, environmental and instrumental sounds. Level 1 is taught in the EYFS and runs throughout the teaching of phonics Levels 2-6. In reception, children work within Levels 2-4. Here learners are introduced to phonemes/sounds and graphemes/letters systematically. They also learn to develop and applyblending and segmenting skills for reading and writing.

Within KS1, children work within Levels 5 and 6. The coherently planned sequence of lessons within Level 5 allows opportunities for children to apply their phonics knowledge and skills as the prime approach to reading and spelling. It focuses on phonetically decodable two-syllable and three-syllable words and the alternative ways of pronouncing and representing the long vowel phonemes. Furthermore, children will develop their ability to attempt to read and spell increasingly complex words. By Level 6, children explore spelling patterns and grammar while also developing a breadth of knowledge, skills and understanding in the recognition and spelling of common exception words.

The Twinkl Phonics Programme intends to not only provide children with opportunities to develop the knowledge, skills and understanding essential for reading and writing, but also, to develop each child's confidence, resilience and engagement in phonics lessons and a love for reading and writing.

#### **Implementation**

The Twinkl Phonics Progression Map sets clear expectations for pupil's progress within the Twinkl Phonics Programme. The tracking document attached allows headteachers, senior leaders, teachers and practitioners to track pupil's progress. It provides opportunities for data analysis and encourages discussions around pupil progress, group progress, future learning and misconceptions, enabling schools to respond and adapt teaching within the programme to provide additional support and challenge to pupils.

The dynamic and engaging materials delivered in the daily planning packs within Levels 2-6 ensure a clearly defined structure to the teaching of phonics. The direct teacher-led lessons enable all learners to develop and apply new skills while also providing opportunities to further apply these skills within fun and engaging activities and through continuous provision. The teaching PowerPoints, stories, games, additional texts and toolkits are meticulously planned to allow children to apply and practise phonics skills. They also offer opportunities to challenge learners and provide support to teachers and parents.

Teacher guides for each stage are provided to allow teachers and adults working with children to feel confident in their own subject knowledge, knowing they are fulfilling the national phonics criteria and enabling each child to achieve their potential.

#### **Impact**

The impact of using our complete Twinkl Phonics Programme (including lesson packs, display photos, weekly planning and parents notes), as the basis of your phonics teaching within EYFS and KS1, will be for children to develop their phonics skills and knowledge through a systematic, synthetic approach, while covering the statutory requirements outlined in the 2014 National Curriculum. The programme will prepare children for the statutory year 1 phonics screening check and can complement the DfE's Letters and Sounds document or be used as a stand-alone programme. Following the programme gives schools a consistent approach to phonics, which are clear to teaching staff and learners. Parental engagement can also be improved through the use of the parent guidance sheets.

# **Phonics Tracking Document**

This tracking document is intended to be used in parallel with the Twinkl Phonics Progression Map. It is intended to be used as a whole class document to show progression, learning and attainment within the Phonics Programme, allowing headteachers, senior leaders, teachers and practitioners to track pupil progress and provide opportunities for collaborative data analysis.

#### By the end of Level 1, children will:

- have experienced a wealth of listening activities including songs, stories and rhymes; be able to distinguish between speech sounds and many will be able to blend and segment words orally.

Some children will also be able to recognise spoken words that rhyme and will be able to provide a string of rhyming words, but inability to do this does not prevent moving on to Level 2 as these speaking and listening activities continue.

#### By the end of Level 2, children should be able to:

- give the phoneme when shown any Level 2 grapheme;
- find any Level two grapheme, from a display, when given the phoneme;
- orally blend and segment CVC words;
- blend and segment in order to read and spell (using magnetic letters) VC words, such as if, am, on, up and nonsense words, such as ip, ug and ock;
- read the five tricky words the, to, I, no, go.

#### Level 3

#### By the end of Level 3, children should be able to:

- give the phoneme when shown all or most Level 2 and Level 3 graphemes;
- find all or most Level 2 and Level 3 graphemes, from a display, when given the phoneme;
- blend and read CVC words (single-syllable words consisting of Level two and Level three graphemes);
- segment and make a phonetically plausible attempt at spelling CVC words (single-syllable words consisting of Level 2 and Level 3 graphemes);
- read the tricky words he, she, we, me, be, was, my, you, her, they, all, are;
- spell the tricky words the, to, I, no, go;
- write each letter correctly when following a model.

- give the phoneme when shown any Level 2 and Level 3 grapheme;
- find any Level 2 and Level 3 grapheme, from a display, when given the phoneme;
- · be able to blend and read words containing adjacent consonants;
- · be able to segment and spell words containing adjacent consonants;
- be able to read the tricky words some, one, said, come, do, so, were, when, have, there, out, like, little, what;
- be able to spell the tricky words he, she, we, me, be, was, my, you, her, they, all, are;
- write each letter, usually correctly.

### By the end of Level 5, children should be able to:

- give the phoneme when shown any grapheme that has been taught;
- for any given phoneme, write the common graphemes;
- apply phonics knowledge and skills as the prime approach to reading and spelling unfamiliar words that are not completely decodable;
- read and spell phonically decodable two-syllable and three-syllable words;
- read automatically all the words in the list of 100 high-frequency words;
- accurately spell most of the words in the list of 100 high-frequency words;
- form each letter correctly;
- Use alternative ways of pronouncing and representing the long vowel phonemes.

#### By the end of Level 6, children should be able to:

- · read accurately most words of two or more syllables;
- · read most words containing common suffixes;
- · read most common exception words;
- read most words accurately, in age appropriate books, without overt sounding and blending, and sufficiently fluently to allow them to focus on their understanding rather than on decoding individual words;
- · sound out most unfamiliar words accurately, without undue hesitation;
- segment spoken words into phonemes and represent these by graphemes, spelling many of these words correctly and making phonically-plausible attempts at others;
- · spell most common exception words correctly.
